

# PROPERTIES OF SHAPES

Thinking Tom says;

"I have 3 shapes in my bag.  
There is a total of 10 sides in my bag.  
What shapes could be in there?"

What do you think?

Convince Me!

**Task:**

Can you find more than one answer?

# PROPERTIES OF SHAPES

Thinking Tom says;

"I can explain what is the same about  
these two shapes and what is different."

Can you explain the difference?

Convince Me!
