

Year 5/6 Girls Football Competition
23rd November 2021

On the 23rd November, the year 5 and 6 girls football team played at the Elite sports football competition. We were in a group with three other teams where the top two after the morning fixtures would progress to the quarter finals. We made an excellent start winning our first match 4-0. In the second match the team battled well in a very close contest. We hit the post and the bar but conceded with the last kick of the game to lose 1-0. The third game was a much tougher match. We played some excellent passing football down the left wing before the ball was crossed and finish smartly to give us the lead. Although we played well the other team moved the ball quickly and scored two goals to win the match 2-1.

Due to these results, we came 3rd in our group and progressed to the quarter final after lunch as the best third place team. In the quarter final, the game was a close contest, but we lost 1-0. After this we played one more game and at the end of a long day the girls lost 3-0 in their final match. This was the first time that the girls had played together, and they should be very proud of their efforts. All the girls represented the school in an excellent manner displaying our 5Cs throughout the day. Well done Girls!
