

Year 5/6 Netball Match
Thursday 12th May 2022

On Thursday 12th May, the year 5 and 6 netball football team played their last netball league match at home against Gosberton.

The team played a superb match resulting in a phenomenal 9-0 win!

Throughout the match the team showed fantastic teamwork, communication and quick passing of the ball. All the team worked for each other through defensive interceptions and constant encouragement from the players both on and off the court. The pressure to win the ball back quickly enabled the team to have many shooting opportunities which resulted in fantastic success as Matthew, Poppy and Ruby all scored. The team finished the league in second place and have represented themselves and the school in an excellent manner. Well done to all of the players who played in the league matches this year!
