

Curriculum Highlights

Children have been preparing for and practicing songs ready for our Harvest Festival next week.

Children in years 1 and 2 have designed and made fruit kebabs, learning food hygiene along with cutting and peeling techniques.

The pneumatic models have started to be made in years 3 and 4, putting the mechanism into a practical application.

We are waiting for the return of our year 5 & 6 children who have been on their residential to Malham in North Yorkshire this week. They have taken part in walking whilst studying the geographical features of the area such as the limestone pavement, river studies and water sports activities of paddle boarding and kayaking, to name a few. I am sure they will be ready for a good lie in over the weekend.

Special Achievements

This week's wow nominations were...

Alex has been learning about the features of newspaper articles and written her own headlines for some top stories.

Edie has worked very hard on her phonic homework, finding letter sounds from magazines to spell words.

Willow, Betsey and Isla have worked very hard in their maths lessons showing a good understanding and presenting their work neatly.
