

Curriculum Highlights

Firstly, apologies for the Harrox Wow being missed for the last couple of weeks. I have tried to include highlights that have taken place during this time.

I would like to start with reminding you all of our lovely Harvest Festival. It was wonderful sharing this with so many of you in All Saints Church. The children did a magnificent job throughout. Our thanks go to you all for the generous donations for The Holbeach Larder. All those associated with All Saints Church and the Holbeach Larder send their sincerest thanks also.

The year 5 and 6 children did return from their Malham residential. They had a fantastic time with a jam-packed week of activities in a very different environment to home.

The whole school enjoyed taking part in the Hello Yellow day last Thursday. The children looked wonderful in yellow and they also discussed strategies for maintaining a healthy lifestyle and wellbeing.

This week the children have taken part in our Passport Days. These are days we devote to learning about different countries. We imagine flying to locations around the world and focus on learning about Geographical features of the country visited as well as cultural aspects. This week the children in EYFS and KS1 have visited the home countries of Great Britain. Years 3&4 have visited Germany, Iceland Greece while children in years 5&6 have visited Canada, India and Peru. The children have learnt a lot about the human and physical geography of these countries and recorded their learning in their Passport Book.

Special Achievements

Recent wow nominations have been...

Freya and Jake for working conscientiously in maths contributing to class discussion as well as their own work. Wow!

Maisie and Rosie for sequencing and retelling the story of Funny Bones. Wow!

George wrote a detailed account of Moulton following their visit to Moulton Mill.

Carter has designed a model incorporating a pneumatic mechanism.

Patryck, Jack, Mirass, Isla and Lila have enjoyed their passport days. They have been learning about the human and physical features of Canada and India. Their work shows a great level of detail and has been presented beautifully.

Wow! Jake and Robert have worked extremely hard on their maths work, showing an excellent understanding of column addition and carrying rules.

Amelia and Lucas wrote a detailed account of the history of Moulton Village.

Their work was presented very clearly and neatly.

Well done to our playground leaders who have started leading games through playtimes this week. They are making playtimes much more enjoyable for children throughout the school. This is a role we hope they will develop further so all lunch times have their input.

Sporting News

You may have already read about the success of the boys' football team. They played their last league game this week against St. Norberts. After an exciting game they came out 2-0 winners and finished joint top of the league with St. Norbert's, a fantastic achievement. Unfortunately, due to goal difference, they have not progressed to the next stage of the competition, but all the team should be proud of their achievements and the way in which they have represented the school showing true sportsmanship.

As the year progresses, I am looking forward to hearing about the other sporting leagues and competitions that are planned, I hope many more children get involved and enjoy taking part.
